Acetylene Incident

Compound Fracture in Geotech Near Miss

**Root Cause:
Prepare the work area**

Apply it to other jobs:

Bridge Maintenance??

Road Maintenance??

Construction??

IMAP??

Divison 3's OSHA 300 Logs 2004

DART, DAFWII and IR per Complex

Formulas are calculated from the OSHA 300 Logs

DART: Days Away, Restricted, Transferred

$\text{DART} = [(\text{H} + \text{I}) \times 200,000] / \text{total hrs. worked}$

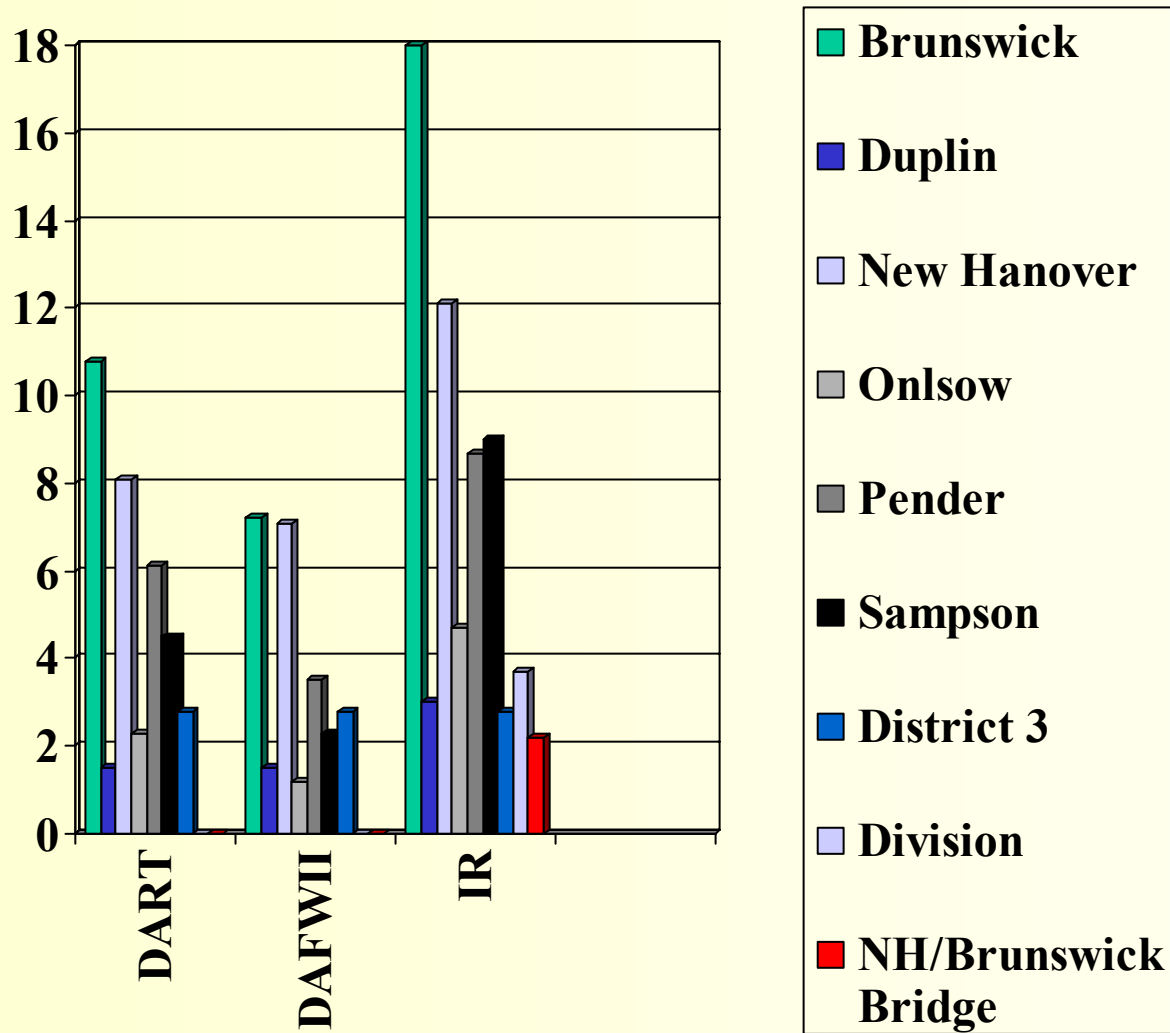

DAFWII: Days Away From Work Injuries and Illnesses

$\text{DAFWII} = [(\text{H}) \times 200,000] / \text{total hrs. worked}$

IR: Incidence Rate

$\text{IR} = [(\text{injuries} + \text{illnesses}) \times 200,000] / \text{total hrs. worked}$

DART, DAFWII and IR per Complex

<u>LOCATION</u>	<u>DART</u>	<u>DAFWII</u>	<u>IR</u>
Brunswick	10.8	7.2	18
Duplin	1.5	1.5	3
New Hanover	8.1	7.1	12.1
Onslow	2.3	1.2	4.7
Pender	6.1	3.5	8.7
Sampson	4.5	2.3	9
District 3	2.8	2.8	2.8
Division	0	0	3.7
NH/Brunswick Bridge	0	0	2.2

In 2004, OSHA used the following rates to inspect public sectors:

DART 8.0 or higher

DAFWII 4.0 or higher

What's Recorded on the OSHA 300 Log?

Any Injury or illness that requires Medical Treatment (the management and care of a patient to combat disease or disorder)

Any Injury/illness that results in Days Away from Work

Any Injury/illness that results in restricted duty or requires a job transfer

What's Not Recorded on the OSHA 300 Log?

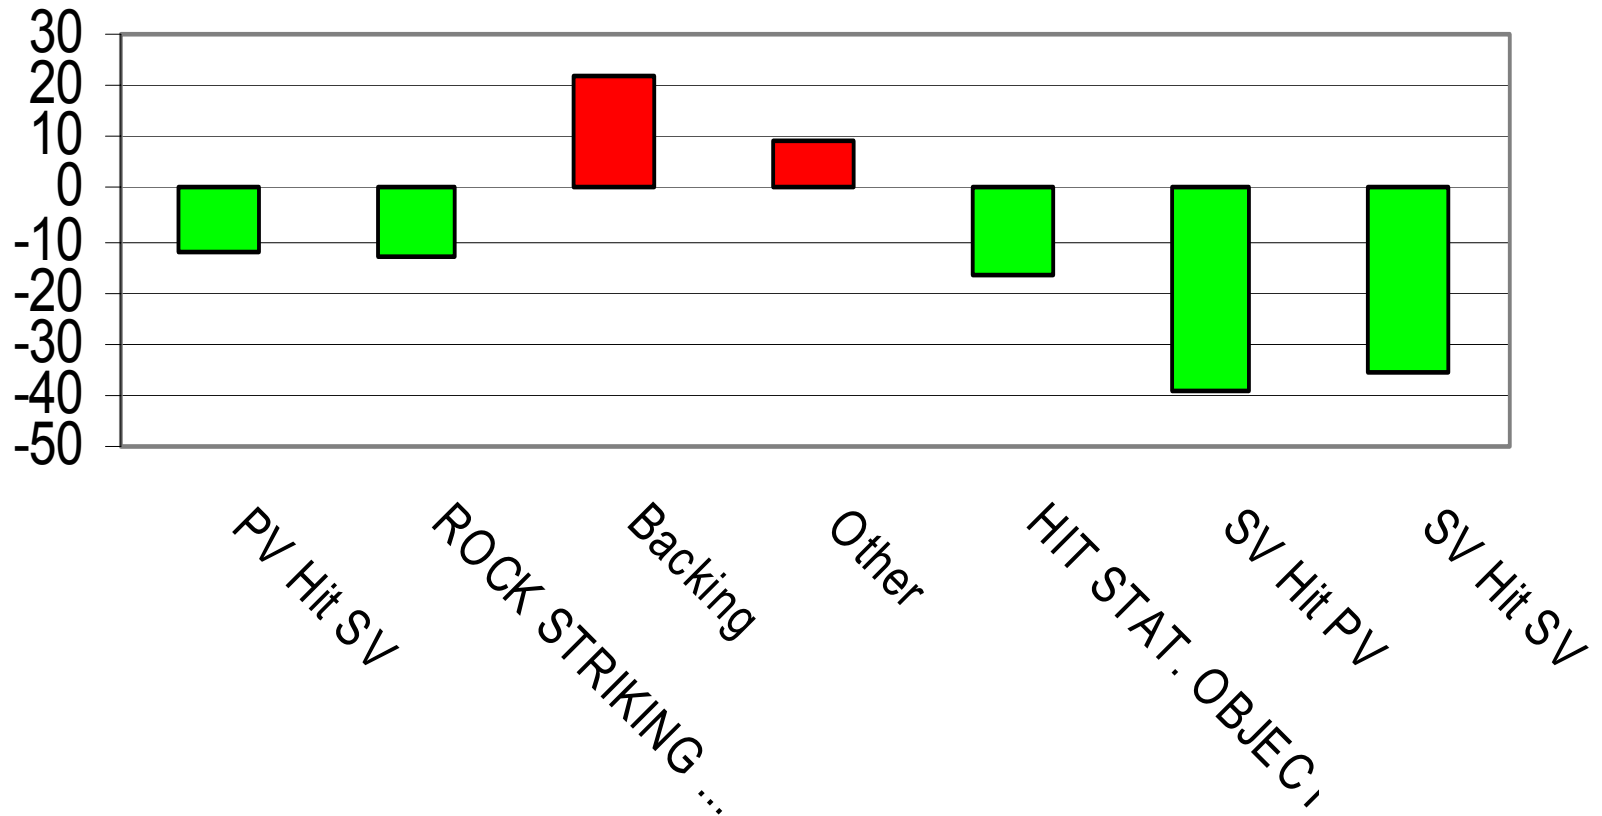

An injury that only requires First Aid

Visits to a physician solely for observation or counseling

The conduct of diagnostic procedures, such as x-rays and blood tests

Workers Comp Form 19 Checklist

Accident Change from 2003 to 2004

Safety Recall on Swivel Hook

12 out of 28 have been returned
16 still out there

Division 3 Safety Plan 2005

Monthly Training Calendar

Safety Topic for the Month

Monthly Safety Meetings

Annual Written Program Reviews

Annual Medical Requirements

Monthly Safety Subcommittee Meetings

Worksite and Facility Audits

TRAINING:

FIRST AID - annual requirement for Bloodborne Pathogen training.

SPILL RESPONSE - annual requirement for First Responder training.

TWO STRAP DUST MASKS - annual training requirement on 1910.134 Appendix D when filtering face-piece masks are available for employee use.

MEDICAL REQUIREMENTS:

RESPIRATORS -

Medical Evaluations are mandatory prior to permitting employees to wear respirators.

Make sure you have a copy of the L.H.C.P.'s approval prior to employees being fit tested or using a respirator.
